

With TISAX (Trusted Information Security Assessment Exchange), the ENX Association (on behalf of the VDA- German Association of the Automotive Industry) supports the joint acceptance of information security assessments. TISAX assessments are carried out by their assessment providers, who regularly supply evidence of their qualifications. Their assessment results are not intended for the public.

Erwin Junker Maschinenfabrik GmbH attaches great importance to the confidentiality, availability, and integrity of information. We have taken extensive measures to protect sensitive and confidential information. We therefore followed VDA's information security questionnaire. The audit was carried out by a TISAX Audit Service Provider - Deloitte.

The TISAX assessment covers many of the requirements of ISO 27001 as well as some additional controls to ensure that Erwin Junker Maschinenfabrik GmbH is a secure and reliable business partner. This assessment is valid until 2027.

The result is only accessible via ENX portal: <https://portal.enx.com/en-us/TISAX/tisaxassessmentresults>

The ID number of Erwin Junker Maschinenfabrik GmbH is: LTWP46.
